### **DETAILED ACTION**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

On page 1 of the specification, under " SCANNING PROBE INSPECTION APPARATUS",

Inserted the following new paragraph,

---- This application is a national stage application under 35 USC 371 of PCT/JP03/12389, filed on September 29,2003 ---.

### ***Allowable Subject Matter***

2. Claims 1-12 are allowed over the prior art.

The following is an examiner's statement of reasons for allowance:

Claims 1 and 2 are allowed because the examiner found out that the applicant's argument in the Remarks filed on 6/5/07 is persuasive. Applicant argued that the claims 1 and 2 are amended to recite a bias voltage supplier (see Fig. 1, 12) for supplying a bias voltage between a pair of pads (1) of a chain pattern (2) and two probes (10) arranged at a spacing determined by a distance between exposed portions inside of the pads. Applicant also argued that the recited detector is able to identity a defect of a measuring target having a resistance value (page 1 of the Remarks) and i

n contrast, the bias voltage supply 35 and voltmeter 31 of the reference Cao et al ('389) are both provided between the probes 17 and 18 such that the device of Cao ('389) are unable to detect small resistance value.

During the further search, the examiner does not find out that the prior art in the record teach or suggest a scanning probe inspection apparatus comprising two probes (10) arranged at a spacing determined by a distance between exposed portions inside of the pads. Therefore, claims 1 and 2 are allowed. Claims 3-4,6-7 and 8-12 are dependent on claims 1 and 2 respectively and are allowed accordingly. Claim 5 was indicated allowable in the previous office action dated on 3/7/07.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
